

The Illinois Star Dry Cleaner Recognition Program™ is a voluntary program designed to give recognition to Illinois dry cleaners for doing more than is required by regulation to protect the environment and the workplace.

You, the consumer, should look for and support dry cleaners posting the Program's logo, because these dry cleaners are willing to spend time and money in your community to benefit you, your neighborhood, and the global community.

CONSUMERS NEED TO KNOW

It is important for you to know: the dry cleaner in your neighborhood who has a star on his window goes beyond compliance with the law.

A Star Dry Cleaner continues to invest in his profession by learning new methods and going beyond normal compliance.

He knows how to treat and clean your garments with the most up-to-date environmental technology, products, and methods.

“Professionally Cleaned with Environmental Care”

**This is the motto of the Star
Dry Cleaner**

The Illinois Dry Cleaner Star Recognition Program™ builds a partnership between the state, the dry cleaning industry, and the agencies that regulate the dry cleaning industry. We have joined forces to better understand our environmental needs and recognize our responsibility to work together for everyone's benefit.
